**PRAYER FOR GRADUATION**

Father
Help us to not look forward in fear
to the changes in life;
Rather, may we look to the future with full hope,
because as changes arise,
you will lead us safely through all things,
because we are your very own,
and when we cannot stand it,
You will carry us in Your arms.

With you,
we shall not fear what may happen tomorrow;
because you are the understanding Father
who cares for us today,
and who will care for us tomorrow and every day.
We have faith, O Lord,
That you will either shield us from suffering,
or give us unfailing strength to bear it.
Put us at peace,
and give us the grace
to put aside all anxious thoughts and images.
We pray in the name of Jesus Christ,
Your Son, and Our Lord. Amen

**Press Release**

The Western Australian Horse Council expresses its deep disappointment over the ban on riders and horses representing the Australian Light Horse Association in the World War 1 Centenary ANZAC commemorations in Albany between October 30th and November 2nd.

Following the outbreak of World War 1, "light horsemen" (mounted infantry) from the 5th Military District (WA) volunteered for overseas service with the Army. While the Army had only planned to raise a squadron-sized light horse unit, the numbers of volunteers grew so quickly that a decision was made to raise an entire regiment of Western Australians. They were officially designated as the 10th Light Horse Regiment.

The Regiment saw service at Gallipoli, Battle of the Nek, Battle of Hill 60 and in the Middle East, suffering 237 killed and 470 wounded and its members received 93 medals and decorations.

Hugo Throssell was the Regiment’s sole Victoria Cross recipient and was also the first Western Australian to be awarded a Victoria Cross.

Horses have been included in previous ANZAC parades held in WA, and there is no record of any horse related accidents.

Victoria’s ANZAC parades in the city and regional areas have always had mounted regiments representation, as does Queensland’s commemorative ANZAC parade which includes 100 Light Horsemen. Canberra, NSW and South Australia have always included horses in their parades.

How any planned commemoration of the first WA troops leaving for Gallipoli, can omit horses, and in particular those of the 10th Light Horse, in light of their contribution, not only to the war effort but this State’s military history, is difficult to understand.

The Western Australian Horse Council is asking that the decision to ban horses in the Albany ANZAC parade be reconsidered and that the contribution of all sectors of the early World War 1 contingents be properly acknowledged.

Dienne Bennett – Chair Western Australian Horse Council
18th September 2014
